Based on the given passage find out which of the statement can be **inferred** from the passage.

Question

The company encourages its managers to interact regularly, without preset agenda, to discuss issues concerning the company and the society. This idea has been borrowed from the ancient Indian concept of religious congregation, called satsang. Designations are forgotten during these meetings; hence, it is not uncommon in these meetings to find a management trainee questioning the Managing Director on some corporate policy or his knowledge of customers.

☐ The company is concerned about its reputation with its employees  
☐ The company believes in fostering the spirit of dialogue without degenerating it into a positioning based debate  
☐ The company had some inter-personnel problems in the past due to which it felt the need for these corporate satsangs  
☐ All of the above
